Chase Financial Services Limited is registered with the Isle of Man Insurance and Pensions Authority in respect of general business.

We all know the appeal of living on the Isle of Man - whether it's the unspoilt countryside, high standard of living, healthy job market or generous tax system, most can say that they are lucky to live here. For those brought up across the water or further afield, the attractions of the island often draw people and their families to Manx shores.

Those who have experienced a move to the island may tell you that like any relocation, the excitement and anticipation are often matched with upheaval, cost inconvenience and frustration. Many questions arise from a move to the Isle of Man - how do you find your perfect home? Where should you move to on the island? What school would suit our children? How can I set up a business on the island? These and many more questions are posed by those contemplating the move.

Relocation Options is able to assist those considering a move to the Isle of Man and acts as your main focal point. From finding your ideal Manx property, planning for a new mortgage, helping with the move into your new property, assisting with your new business set-up or transferring
